Campus Maintenance	7.7, <b>B+</b>
% of teachers who <b>do not</b> speak satisfactory English	<b>0-10%</b>

## Student Comments

- ★ *Athletics/Training (Alumni) - Male*  
I loved going to school at West Georgia and feel overall it was a great experience. I do wish however that I had a stronger advisor. Mine asked what I wanted to do and set up the quickest way out. At 17 I only had a general idea of what I wanted to do in life. I advice everyone to broaden their class schedule. Take you field related classes, but go for the double degree or at least take classes in another field that you can fall back on. If you can afford it stay in school until you earn your masters degree College is great, but get the work done and then party
- *Business - Management and Administration - Male*  
We have a great campus and most of the folks around here are pretty friendly. Course work is relative to your major but not very challenging. There aren't many extra - curricular activies unfortunetly and sports really only consist of Baseball and Football. Most of the professors are quite knowledge - able about their fields and are

there to help students.

😊 *Business - Management and Administration*  
*- Female*

I am a Senior here and actually a Marketing Major. I love it here. I am a member of a sorority here and very active in the campus organizations and the community. There is so much to do here and also easy to do. The school is the perfect size for anyone... small enough for the students that want that and large enough for the ones that didnt get into UGA or somewhere like that. The more active you are, the more satisfied you are. The teachers here are willing to help every student and they are all very bright and experienced in their feild of study. I love this school and would recommend everyone to go here. There is tons of night life, and so much fun. The only negative comment I have is the Financial aid office, they all (except pat) wish we werent in college

• *Communications - Female*

the university is a fairly friendly one, i love the environment. it isnt too wild as people said it would be (West ga. is stereotyped as a party school). as with life, your success depends mainly on what you want to accomplish, and if you are willing to do what it takes to get what you want out of life. the opportunity is there, just take advantage of it – hey youre paying for it.

😊 *Communications - Male*

Heres the deal, this school is high ranked for a division two institution. The scholastics are somewhat difficult but not anything you can't handle and still be able to party everynight. The city sucks as far as politics and tradition, but the school is within an hour of everything you could possibly want to do except for a real beach. So if you want social life and a higher education then West Georgia is a great place.

## How to 'get in'

- *Biology*  
*Quite Bright - Male*  
I LEARNED VERY HARD AND PASSED MY HIGH SCHOOL EXAMS AND THAT GAVE ME A CHANCE TO ENTER A UNIVERSITY WITHOUT ANY PROBLEM. THEREFORE I RECOMMEND OTHERS TOO TO LEARN VERY HARD AND THEY WILL BE ADMITTED.
- *Business - Management and Administration*  
*Quite Bright - Male ( SAT: 1140)*  
Honestly, I believe they would let a monkey join if he could fill out the application. We have a very low rate of HOPE retention because some folks get in here and put partying before school, which is fine some of the time but not on a daily basis. But since I've been here I've noticed that every year the number of party's seems to dwindle (which is a shame and not at the same time.)
- *Communications*  
*Quite Bright - Female ( SAT: 880)*  
prepare early. STUDY , STUDY, STUDY, STUDY, STUDY  
do not wait until you get to UWG or any college for that matter, to try and gain good study habits.
- *Communications*  
*Bright - Male ( SAT: 900)*  
Don't remember doing much except for filling out a registration sheet.

## Sports
